

FACULTY FOR GEOSCIENCES

To the Dean of the Faculty for Geosciences

Application for acceptance as a doctoral/Ph.D. student

I hereby request acceptance as a doctoral/Ph.D. student at the Faculty for Geosciences.

In accordance with section 6, § 2 of the faculties Doctorate/Ph.D. Regulations, the following documents must be added to the application.

- Curriculum vitae with information on the course of education.
- Maturity certificate/secondary school leaving certificate or equivalent recognised by the authorities.
- Proof of existence of requirements according to § 4 of the faculties Doctorate Regulations issued May 16.2011 or § 5 of the regulations issued June 3. 2016.
- Supervision agreement. This document must include: (i) the topic of the dissertation, (ii) an abstract describing the planned research activities (1 page), (ii) the name of two supervisors (according to § 7) and (iii) the written agreement of these supervisors.
- Declaration of whether and, if applicable, when and where the applicant has already attempted to complete (or has completed) a doctorate/Ph.D.
- The certificate of enrolment for doctorate/Ph.D. in the field of geography or geosciences must be submitted without delay after being included in the list of doctoral/Ph.D. students.
- If the first supervisor does not have a permanent employment relationship in general, or, alternatively, is not an member of the Faculty for Geosciences, then you need to provide the name and written agreement of an additional supervisor. This person must have a permanent contract and/or must be a member of the Faculty for Geosciences.

Date and signature of applicant
